

## LAGOON PUCK

**RAPIDLY DISSOLVING WASTE TREATMENT:** *Lagoon Puck is a biological solid specifically formulated for treating municipal and industrial wastewater lagoons, as well as manure lagoons. EnviroZyme® has incorporated a blend of highly energetic bacterial strains selected for maximum reduction of sludge buildup, acceleration of waste digestion, and support of improved settling. The solid form yields advantages over traditional chemicals, such as localized treatment of sludge islands and trouble spots in addition to treating the entire pond.*

*Lagoon Puck's composition provides a shelf-stable product that is not as susceptible to extreme temperatures and humidity as are traditional product forms. When tossed into the water, the puck's weight will cause it to sink directly into the sludge, where its quick-dissolve composition begins to release the bacteria directly into the sludge—the root of most lagoon problems. There, the bacteria begin to multiply and digest the organics, leaving behind byproducts of carbon dioxide and water.*

### APPLICATIONS

Municipal lagoons and holding ponds.

### FEATURES

- Reduces sludge buildup and defers dredging costs
- Controls grease
- Improves settling and produces an excellent effluent
- Easy to handle and apply
- Reduces odors
- Ensures rapid biological start-up or reseeded after upsets

### DIRECTIONS FOR USE

For anaerobic and facultative lagoon systems, the application rate is based on the lagoon surface area:  
Day 1 through Day 5, 20 lbs. per acre per day  
Day 6+, 1 lb. per acre per week

**NOTE:** Aeration improves results. For problematic applications, contact your EnviroZyme® technical representative for specific instructions.

### TECH SPECS

BACTERIA COUNT:	6 Billion CFU per gram
BACTERIAL TYPE:	Non-pathogenic microbes
DSL:	No
COLOR:	Colorless
FRAGRANCE:	None
GRAM NEGATIVES:	Not present
pH:	6.0 - 9.5
TEMPERATURE RANGE:	20 - 40 Celsius
WARRANTY:	2 Year
STORAGE TEMPERATURE:	10 - 30 Celsius
STORAGE HUMIDITY:	30-60% Year

### AVAILABLE IN

100- 4 Bags of 25/Pail- 2 1/2 in. x 4 oz. Blocks • Item #PLS509P43
